

DEPARTMENT OF THE AIR FORCE
102D INTELLIGENCE WING (ACC)
MASSACHUSETTS AIR NATIONAL GUARD
OTIS AIR NATIONAL GUARD BASE MASSACHUSETTS

COMMANDER'S ENVIRONMENTAL COMMITMENT STATEMENT

The 102IW is committed to conducting its missions in an environmentally responsible manner. Environmental, Safety, and Occupational Health (ESOH) awareness is an important measure of wing performance. In keeping with this policy, our vision is to reduce waste through pollution prevention, recycling, and reuse, and to reduce energy usage and water consumption. Our goal is to continually improve our environmental performance by minimizing our impacts on the environment, and to maintain compliance with all Federal, State, Air Force, local, and all other applicable environmental requirements.

Every 102IW employee is responsible for environmental protection, worker safety, health, and installation security awareness. Additional emphasis is placed on protecting Cape Cod's sole source aquifer and the many endangered species of flora and fauna located on Joint Base Cape Cod.

Otis ANG Base is strongly committed to continued excellence, leadership, and stewardship in protection of the environment.

A handwritten signature in black ink, appearing to read "James M. Lefavor", is written over a large, stylized, handwritten letter "J" that serves as a signature line.

JAMES M LEFAVOR, Colonel, MA ANG
Commander
