

102nd Communications Flight

The 102nd Communications Flight provides a broad range of communication services to the Joint Base Cape Cod workforce. In doing so it services more than 1,200 Airmen and 30 tenant organizations that span Joint Base Cape Cod.

Unit Motto: Helping People to Communicate Better Every Day

Vision Statement:

To be the ANG's exemplary cyber communications squadron by our commitment to deliver innovative cyberspace capabilities, premier technical support, and unfailing cyber defense.

Mission Statement:

To deliver premier warfighting capabilities with highly skilled and devoted cyberspace professionals to ensure the confidentiality, integrity, and availability of information and information systems in support of the Nation and the Commonwealth.

Force Structure or Organization:

The 102nd Communications Squadron is comprised of 42 military and civilian personnel. Most personnel reside in either the Cyber Operations Flight (SCO), focused on mission execution, or in Plans and Resources Flight (SCX), focused on future plans and programs. The 102nd Communications Squadron is subordinate to the 102nd Mission Support Group.

Functions and Capabilities:

The 102nd Communications Flight plans, installs, operates, and maintains the full spectrum of cyber communications systems and knowledge management services decisive to the successful mission execution of the 102nd Intelligence Wing.
